

2018 Success Drivers Learning Cohort

Applications are now being accepted for Chicago Jobs Council's 2018 Success Drivers Learning Cohort! If you are interested in learning about new workforce best practices, thinking critically about your organization's effectiveness, and sharing ideas as part of a select cohort, then this is the opportunity for you.

Developed by the national Workforce Benchmarking Network, the "[Success Drivers](#)" framework is a comprehensive set of strategies curated from nationally-recognized, high-performing workforce organizations. Over five monthly sessions from February to June 2018, this tool will be used to help you tackle topics related to engaging employers, developing a qualified pool of candidates and remaining an adaptive organization. As a member of the cohort, you will have the opportunity to engage with peers about this set of best practices, learn from content experts, and participate in a number of activities designed to promote self-reflection and action planning.

Twenty practitioners from ten different workforce organizations in the Chicagoland area will be selected. We invite your organization to submit an application for the 2018 Success Drivers Learning Cohort today!

Logistics

Application Deadline

December 1st, 2017

Cost

\$300/organization

“I loved taking time to think every month about strategic ways our organization can improve. It’s normally easy to push those big-picture issues aside, so having the commitment to be somewhere and spend time thinking was so important and valuable.”

–2016 cohort participant

Find out more about Frontline Focus online at www.cjc.net/frontline-focus
and on social media:

Frontline Focus is the main capacity building arm of the Chicago Jobs Council. The Jobs Council moves people out of poverty through employment using on-the-ground expertise, advocacy, and capacity building. Since its establishment in 1981, The Jobs Council's membership has grown to include over 100 organizations and individuals who work together to influence the development and reform of public policies and programs designed to move people into the workforce.
