

People's Resource Center

Dear Friend,

With all the hustle and hype, sometimes we forget that this is the season of *giving*. Fortunately, our inspirational **Share the Spirit** event can bring us back to the true meaning of the holidays. Whether you're giving or receiving, it's magical!

Many of us are looking for powerful ways to directly help neighbors during the holidays. **Share the Spirit** offers an anonymous opportunity to give. Starting in November, generous individuals, groups and businesses donate new toys, books and games for local families in need.

“The first time a client gave me a hug I realized that the program means a lot to the clients of PRC.”

During the first week of December, nearly 100 amazing **Share the Spirit** volunteers carefully organize and display items at the DuPage County Fairgrounds. The fun really begins on December 3rd when over **650 families** have the opportunity to select holiday gifts for their kids.

This year, our dedicated Board of Directors plans to transform the **Share the Spirit** shopping space with beautiful holiday decorations. And of course, each gift will be carefully wrapped by our dedicated team of volunteers. Everyone gets into the spirit!

Did you know that most of our volunteers have been helping for years?

Many of them take time off of work – and some even fly in from out-of-state!

We offer two important ways to support **Share the Spirit**. Love to shop? Pick out a gift and deliver it unwrapped to PRC Westmont (11/30) or the DuPage County Fairgrounds (12/2). Don't have time to shop? Please use the enclosed envelope to mail in a monetary donation.

We appreciate all that you do for your neighbors during this magical time of year! Your gift will bring smiles to happy children and their grateful parents. Thank you for your dedication and generosity!

In gratitude,

Jeni Fabian
Executive Director

P.S. Your gift will brighten the holidays for a family right here in DuPage County! Craft kits, books and sports equipment are favorite gift items.
