

BUILD YOUR COMMUNITY WITH NATIONAL ABLE NETWORK

If you are a 501(c)(3) non-profit organization or a public agency, National Able Network's Senior Community Service Employment Program can help you grow your team!

National Able Network has experienced workers to help your organization on a part-time or project basis, with skills that include: food preparation, administrative office support, teaching assistance, home health care, maintenance and more.

Our program gives you mature workers for 18 to 25 hours per week, covering all wages and Workers Compensation insurance benefits. All participating organizations should provide on-the-job training and periodic reports on the workers' job performance and training progress.
