

TechGYRLS is a youth empowerment program designed to raise girls' interest and confidence in the critical areas of science, technology, engineering, arts and mathematics (STEAM). The TechGYRLS program will help young girls ages 9-14 develop the usage of technological tools, critical thinking and problem-solving skills in any profession they pursue.

In partnership with Sears Holdings, we are offering a four module series that will focus on designing a Craftsman product:

- **June 11th** — Module 1: Project Introduction
- **June 16th** — Module 2: Field Trip (see details below)
- **June 18th** — Module 3: Design Day
- **June 25th** — Module 4: Final Touches and Presentation
