### Employer Survey: Suspended Licenses

Suspended driver's licenses aren't just a barrier for workers, they also limits businesses trying to fill positions--and we want to know more about that. Please share this brief survey with your organization's employer contacts. This information will help us fight to eliminate unnecessary restrictions that harm employers and workers alike. Here is a [paper copy](#) to bring with to employer meetings, or an [electronic copy](#). Please return paper copies to Eric by November 13 (mailing address on back of form).

### Building Trans Competency in the Work Place

According to a thorough [survey](#) documenting poverty and unemployment within the transgender community, trans people are twice as likely to be living in poverty compared to the general population and three times more likely to be unemployed. Chicago House's TransWorks Program offers trainings at local businesses and social service agencies to help create processes and environments that are trans inclusive and affirming. Each training is designed to help staff understand legal protections for transgender employees, identify and interrupt transphobia in the workplace and in programming, and communicate respectfully with transgender colleagues and clients. TransWorks cover topics such as terminology 101 and how to make the workplace safer and more accessible for TGNC (trans and gender non conforming) consumers and employees. TransWorks is a no cost program available to anyone who identifies as gender non-conforming, trans, or other. Please go to TransWorks' [website](#) or read [this flyer](#) to learn more about their program.

### Young Invincibles Workforce Development Partnership Survey

Young Invincibles is exploring the space of apprenticeship and workforce partnerships and is looking for input through their survey to discover more about interests and needs

surrounding apprenticeships. Please take some time to fill out [their survey](#) today!
