

PRC's Critical need for computers

Do you have an extra computer at work or home that you can donate to People's Resource Center?

Have you recently upgraded your technology and you don't know what to do with your old equipment?

We have a CRITICAL NEED for Working Windows-compatible standard desktop/tower/laptop computers. (Minimum: Multi-core processor such as Intel Dual Core or higher, with typical equipment such as CD/DVD ROM, memory, hard drive).

PRC has an amazing team of highly skilled volunteers who will wipe clean your computer's hard drive, install Windows 7 and within 24 hours give the computer to a neighbor in need.

- * Over the last 11 years, the People's Resource Center has distributed 12,225 free computers to residents in DuPage Co. and every computer was donated by neighbors, who are helping neighbors.
- * Imagine having a computer to call your own, one that will allow you and your family to connect with teachers, complete school work, work on a job search, and feel connected to your community.
- * You are the person that will provide this opportunity to your neighbor.

We also accept the following types of computer equipment for use in our training and refurbishing programs:

- * Certain working HP Laser printers. (We CANNOT accept inkjet printers.) Networking equipment (Fast Ethernet Switches and Broadband Routers)

Do you have questions about computer donations?

Please contact us at 630.682.5402 or e-mail us <<http://www.peoplesrc.org/contact-us>>.

Donations can be made to either our Wheaton or Westmont locations. For large donations we are happy to arrange a pick up at your place of employment.

As always, thank you for helping the People's Resource Center,
