

NEED AN EXTRA PAIR OF HANDS?

Are you a 501(c)(3) corporation?

Are budget cuts and understaffing getting you down?

The National Able Network® SCSEP (Senior Community Service Employment Program) has the extra help you need.

National Able Network has program participants waiting to work on your special projects or to help you with your daily work: food preparation, administrative support, teaching assistance, home health care, maintenance, and more.

Our program gives you skilled participants for 20-25 hours each week. National Able Network pays them and provides them with workers' compensation insurance. In return, we ask that you train them for your specific job tasks.

Consider the possibilities the unique SCSEP program offers your organization!

To obtain your extra pair of hands, contact Jenna Holzberg by email at jholzberg@nationalable.org or by telephone at 312.994.4254.

National Able Network®

Preparing Today's Communities to Meet Tomorrow's Challenges

EDUCATION • EMPLOYMENT • OPPORTUNITY

The Senior Community Service Employment Program is funded by a U.S. Department of Labor Grant to the Illinois Department on Aging and administered by National Able Network.
