HELPLINE
888.228.1146

Child Care Resource and Referral Agencies help connect essential worker families to emergency child care.

The statewide network of Illinois Child Care Resource and Referral Agencies (INCCRRA) has launched a new phone line at 888.228.1146 to help connect essential workers' families to emergency child care.

The Early Learning Helpline will be available to call from 9am - 3pm, but callers can leave a message 24 hrs/day. This line will **not** answer provider funding questions, CCAP eligibility, or forms questions. It is specifically to connect essential workers to child care.

If you are a child care provider open to providing care to essential workers please let us know by filling out this [form](#).

YWCA Metropolitan Chicago | 2055 W Army Trail Rd #140 Addison IL 60101 | 630-790-6600
