Every worker. Every industry. A strong economy.

## Colorado House considers bill to pilot emergency support services fund

The Colorado House of Representatives will have a hearing today on HB-1310. This bill would create a pilot program for a fund that community-based organizations and public agencies could use to serve people in job training programs or who are recently employed.

This bill is the culmination of nearly two years of research and outreach across the state conducted by National Skills Coalition's partners at the Skills2Compete Colorado Coalition.
