

NATIONAL SKILLS COALITION

Every worker. Every industry. A strong economy.

Time is running out – contribute to NSC today!

Before you break for the holidays, please join us in taking a minute to reflect on all we've accomplished together this year.

- We helped to secure 10 federal policies benefiting millions of students, workers, and employers.
- We advocated and organized to achieve 24 policy changes in 19 states helping workers and businesses gain the skills they need to compete in a changing economy.
- We mobilized more than 1,500 members of our coalition to speak with congressional offices about advancing policies that will strengthen our economy.
- We produced 29 publications and spoke at 61 gatherings, educating more than 18,000 advocates.
- We made the case for a skills agenda through almost 100 stories in the press.

2016 has proven to be a great year for advancing our agenda. Together, we've leveraged the power of our coalition to further policies that improve the lives of millions, to strengthen local economies, and to achieve our shared vision of an America where every person and every industry has the skills to compete and prosper.

CONNECT WITH US

You've been an important part of NSC's success. Your support now is critical for continued success in 2017.

Please take a moment now to [make a tax deductible year-end contribution](#).

Once again, thank you for all that you do.

Enjoy the holidays!

Andy Van Kleunen
Chief Executive Officer
