

SHAPE THE FUTURE OF WORKFORCE POLICY

We have noticed that you are not registered for National Skills Coalition's largest and most dynamic forum of the year. It's the only national workforce event where the day-to-day advocates, training providers, policymakers, and business leaders gather to shape and influence state and federal skills policy—and make real change happen for workers and businesses. We hope to see you there!

This is the final week to save \$125 by registering early for the 2025 Skills Summit. After this week, the registration rate will increase to \$975.
