

NATIONAL SKILLS COALITION

Every worker. Every industry. A strong economy.

Montana is a leader in using data to drive policy

A new case study from the Workforce Data Quality Campaign and the Montana Department of Labor and Industry, illustrates how Montana uses data to connect businesses with the state's university system to improve students' career prospects and build a workforce that ensures workers and businesses thrive together.

Read more about the case study on [our blog](#) and click below to download the full paper.
