Every worker. Every industry. A strong economy.

Building a Skilled Workforce for a Stronger Southern Economy

Southern states face a skills gap and must adapt to a new U.S. economy in which most jobs require training beyond high school, according to a new report from the National Skills Coalition and the Federal Reserve Banks of Atlanta and St. Louis, "Building a Skilled Workforce for a Stronger Southern Economy." The new report features a roadmap of critical steps states may take to establish policies that could help them close their skills gaps.

[Read the full report here.](#)

National Skills Coalition will also work with five southern states over the coming year to advance policies recommended in the report. Read more about the Southern Skills Policy Initiative [here](#).
