

NATIONAL SKILLS COALITION

Every worker. Every industry. A strong economy.

It's #NationalApprenticeshipWeek!

National Skills Coalition and our partners are busy highlighting the role apprenticeship can play in preparing middle-skill workers to meet business demand.

As part of the Apprenticeship Forward Collaborative, NSC is hosting a round table with Congressional staff this morning, to discuss our just-released [principles for expanding apprenticeship](#). We think they'll enable more businesses to offer high-quality apprenticeships to a broader range of workers.

Join NSC next month for two webinars on apprenticeship:

- [December 6th](#): How states can embed apprenticeship data in postsecondary attainment goals.
- [December 11th](#): How support services like child care can ensure a diverse pipeline of workers can be successful in apprenticeship programs
