

Illinois Works Trade Opportunities

From: Lee Zambrano <LZambrano@HIRE360Chicago.com>

HIRE360 is currently recruiting for our inaugural Illinois Works Pre-Apprenticeship Program in Kane County, launching April 7 in Aurora, IL. This 9-week paid training program prepares participants for careers in the union building trades through hands-on instruction, industry-recognized certifications, and direct pathways into registered apprenticeship programs.

Participants receive:

1. \$14.50/hour training stipend
2. First Aid/CPR, OSHA 10, and MC3 certifications
3. Construction math and hands-on learning
4. Apprenticeship pathway support

We would greatly appreciate your help sharing this opportunity with job seekers or clients who may benefit from a career in the construction trades. Please also feel free to share this opportunity with your networks or on your organization's social media platforms to help expand our reach within Kane County and surrounding areas.

Interested individuals can begin the process by attending an information session (in-person or virtual). Registration links are below:

1. In-Person Session: <https://calendly.com/hire360chicago/il-works-onsite-info-application-session-kane-county>
2. Virtual Session: https://calendly.com/hire360chicago/ilw_infomationsession

If your organization would like HIRE360 to host a custom in-person or virtual information session for your candidates, we would be more than happy to coordinate one.

Thank you for your continued partnership and for helping expand equitable career opportunities in Kane County and surrounding areas.

Thank you,

Lee Zambrano | Candidate Support Advisor | **HIRE360 Chicago**

2540 S State Street, Chicago, IL 60616 | p: 312.575.2505
